ZOOMLION

FORKLIFT TRUCKS FOR EVERY APPLICATION

A NEW RANGE OF PRODUCTS AND SERVICES FOR EVERY APPLICATION

SALES, SPARE PARTS AND SERVICE

Every day thousands of companies use forklift trucks to move and store their goods in warehouses, plants and production departments. The reliability, solidity and long life of these machines are fundamental to guarantee the business of these organizations.

To meet the needs of the European market, Zoomlion has created a range of products fine-tuned to a wide variety of applications.

These are high-performance machines, designed and guaranteed by specialists, present in the world market for decades.

Discover the range of Zoomlion solutions: Counterbalanced forklift trucks, warehouse machines and a wide range of services tailored to your business.

OUR RANGE

The ZOOMLION product series covers all types of material handling equipment: anything from counterbalance 3 and 4 wheel electric units to stackers and order pickers, all designed for indoor use. When it comes to outdoors, we provide a wide range of IC and LPG counterbalance units ranging from 1.5 to 16 ton.

DIESEL / LPG TESTED TOUGH

Our diesels range from 1.5 to 16ton, handling your every need. LPG range includes compact 2 and 2.5 ton units lifting anywhere from 3 to 6 meters.

Our technology combines power with ergonomics while keeping an eye out for the environment through intelligent emission management.

ELECTRIC NO WORRIES

3 and 4 wheel Electric (48/80volt)

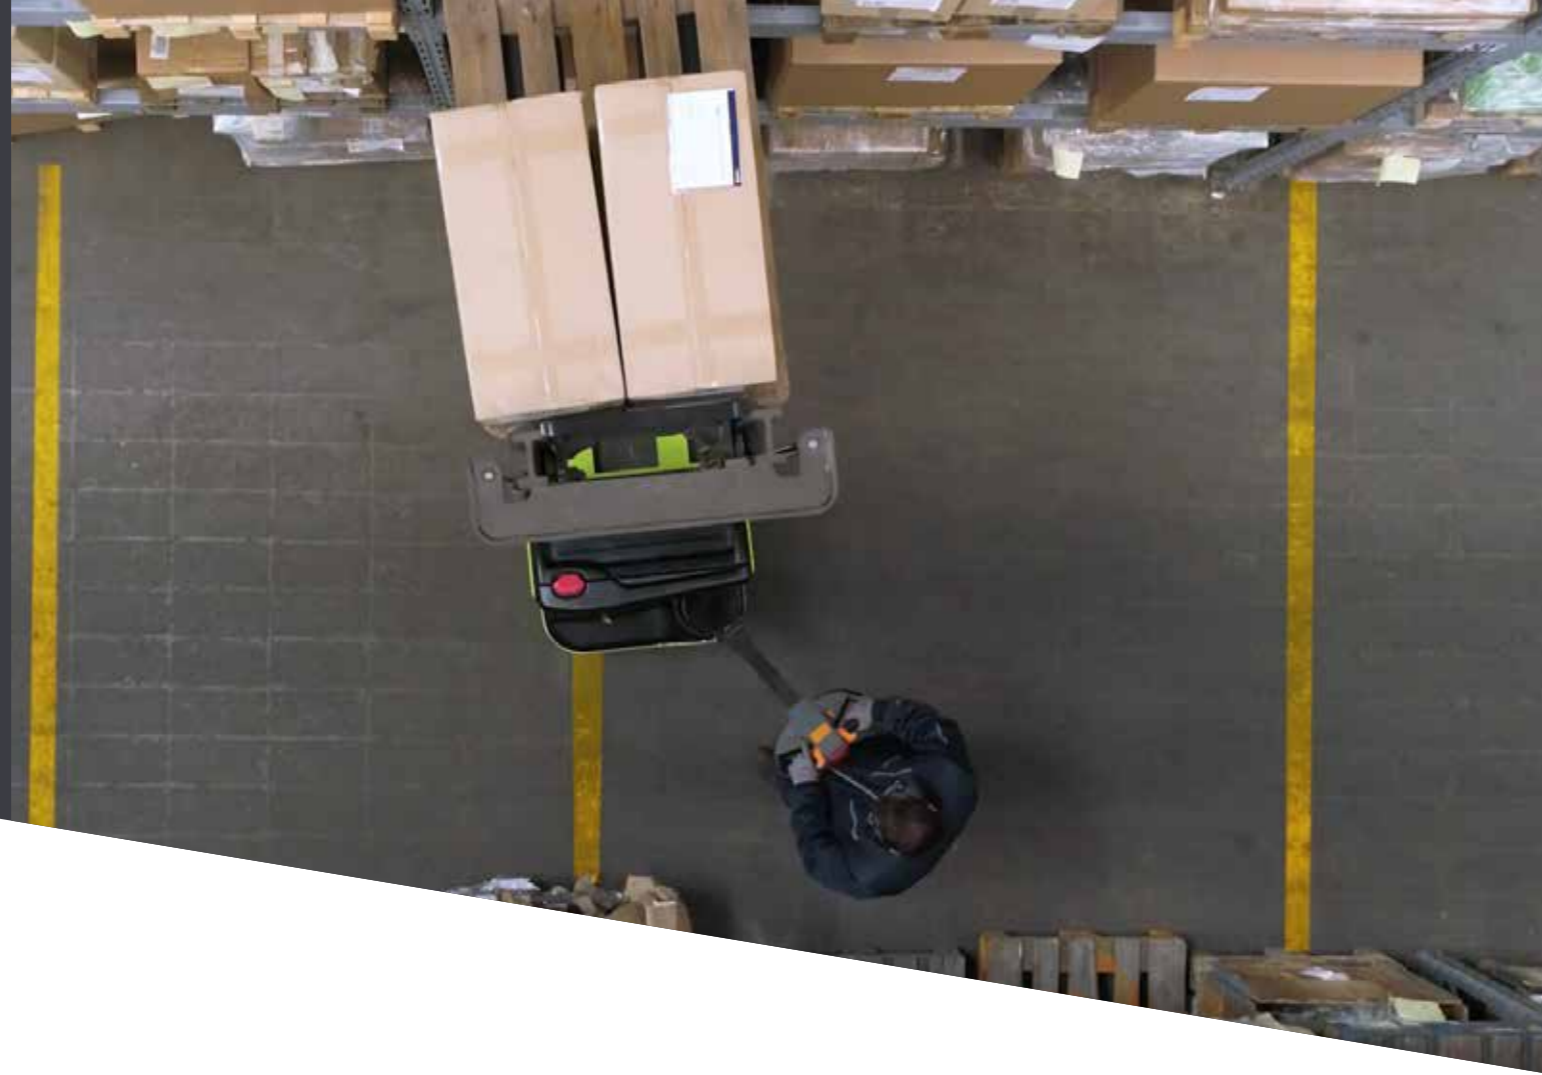

Our 3-wheel range offers great performance in tight spaces. Incorporating the best software and hardware available in the market today and with a range from 1.5 to 3.5ton, we combine reliability with low cost of ownership.

WAREHOUSE HANDLING EQUIPMENT CONSIDER YOUR ORDER PICKED

Our warehouse range is ready to meet your every need. Whether it be power pallet trucks, stackers, order pickers or reach trucks, walker, stand-on or sitting.

LIFTING SOLUTIONS

PRODUCT SUPPORT

The availability and speed in acquiring spare parts is crucial to any organization. That's why ZOOMLION has based its headquarters in Senago, Milan.

A brand new assembly and Production facility, of over 10,000 square meters, dedicated to its customers. In the new hub, we hold stock of units and components, allowing us to configure units according to customer requirements. Our spare parts division, backed by the expertise of dedicated technicians and specialized consultants, ensures our customers get their original parts and get them fast. Peace of mind.

PLANNED MAINTENANCE

Zoomlion offers scheduled maintenance programs fine-tuned to your requirements. At ZOOMLION we understand how important your forklift trucks are to you. With our planned maintenance programs, you keep track of your cost of ownership, reduce downtime and prolong the life of your unit(s). You can't go wrong.

WARRANTY

Zoomlion products are built to last and tested tough and we can prove it. In addition to standard warranty conditions, we offer extended warranties of up to 5 years on the most expensive components of your forklift truck. I.e. Engine, transmission and drivetrain. This gives you peace of mind. We guarantee it. Contact us for more details.

FINANCIAL SOLUTIONS

We at ZOOMLION can also offer a wide range of Financial services thanks to our in house Company, Zoomlion Capital, part of the ZOOMLION Group. This allows us to provide you with customized financial products to meet your demands. Think about it.
